

A close-up photograph of several large, rounded clusters of pink hydrangea flowers. The petals are a vibrant pink with some lighter, almost white, variegation in the center of some blooms. The flowers are set against a background of dark green, needle-like foliage, likely from a cedar or juniper tree. The lighting is soft, highlighting the texture of the petals.

1st Kings 07:23 And he made a
molten sea, ten cubits from the
one brim to the other: it was round
all about, and his height was five
cubits: and a line of thirty cubits
did compass it round about.
