

A close-up photograph of several large, green leaves with prominent veins. The edges of the leaves are a deep red color. The surface of the leaves is covered with numerous small, white, circular spots, possibly due to a fungal infection or insect damage. The background is blurred, showing more of the same foliage.

**Psalms 143:07 Hear me speedily, O
LORD: my spirit faileth: hide not
thy face from me, lest I be like
unto them that go down into the
pit.**
