

A close-up photograph of a pink hydrangea flower cluster. The main cluster is composed of many small, rounded buds in shades of pink and purple. Surrounding this central cluster are several larger, fully bloomed pink flowers with multiple petals. The background is dark and out of focus, showing some green leaves and a hint of a white flower on the right side.

Jeremiah 05:24 Neither say they in
their heart, Let us now fear the
LORD our God, that giveth rain,
both the former and the latter, in
his season: he reserveth unto us
the appointed weeks of the
harvest.
