

A close-up photograph of a white feather lying on a bed of green grass and small blue flowers. The feather is positioned horizontally across the middle of the frame, with its base on the left and its tip pointing towards the right. The background is filled with vibrant green grass blades and numerous small, bright blue flowers, likely grape hyacinths, which are in various stages of bloom. The lighting is natural, creating soft shadows and highlighting the texture of the grass and the delicate structure of the feather.
