

A close-up photograph of a branch covered in numerous bright yellow flowers, likely from a Mimosa pudica plant. The flowers are in various stages of bloom, with some showing their characteristic curled petals. The background is a clear, vibrant blue sky, with some blurred green foliage visible at the bottom left. The text is overlaid on the left side of the image, in a white, serif font.

dross: all they are brass, and tin,
and iron, and lead, in the midst of
the furnace; they are even the
dross of silver.
