

A close-up photograph of a single, fully bloomed pink rose. The petals are a soft, vibrant pink color with some lighter, almost white, variegation towards the edges. The rose is surrounded by lush green leaves, some of which are serrated and have a glossy texture. In the background, a thin, light blue object, possibly a garden hose or a support stake, is visible. The overall lighting is bright and natural, highlighting the delicate structure of the rose.

shall be half a cubit; and the
bottom thereof shall be a cubit
about; and his stairs shall look
