

A close-up photograph of a poinsettia plant. The image is filled with numerous bright red, pointed bracts that have a slightly waxy texture. Interspersed among the red bracts are several green leaves, some of which are visible at the top and bottom edges. The background is a dark, textured surface, possibly gravel or a dark cloth, which makes the red and green colors of the plant stand out. The lighting is even, highlighting the natural colors and textures of the plant.
